
The logo for 'Dancing Under African Skies' features the words 'DANCING' and 'AFRICAN SKIES' in a large, bold, brown, stylized font. The word 'UNDER' is smaller and positioned between 'DANCING' and 'AFRICAN SKIES'. To the right of 'DANCING' is a circular graphic element composed of several curved lines in shades of yellow and orange, resembling a sun or a stylized dance move.

DANCING UNDER AFRICAN SKIES

Cancellation of Dancing Under African Skies 2020

With deep regret, the Dancing Under African Skies team has taken the very difficult decision to cancel Dancing Under African Skies 2020.

We were holding out until this very late stage in the hope that it would be possible to host the competition, but with the current restrictions in place and the health risks that still exist, it is not possible to host an event of this scale and nature. The safety of our competitors, officials and supporters is of paramount importance.

Various options of hosting the event in a different format were explored, but none are viable for us in the current circumstances.

Like the rest of the dancing community, we would love to see a return to the competition floor and we are truly sad to share this news. We cannot wait to meet on the dance floor again soon.

We look forward to hosting a Dancing Under African Skies 2021 that will be worth the wait!
